Subject: Get the Poison out of our River

Dear Portland Harbor Cleanup Public Comments,

Dear Ms. McCarthy and Members of Congress,

- Moves quickly and sustainably reduces contaminants causing harm to Willamette and Columbia River resources
- Includes ongoing monitoring and cleanup upriver and downriver from the site
- Contributes to healthy fish that are safe to eat for all people
- Holds polluters accountable for creating a safer Portland Harbor

These elements get us closer to the plan our communities deserve.
And I deserve a clean, safe Portland Harbor.

The proposed cleanup plan for the Willamette River does NOT go far enough. It is another band-aid solution for what is now an environmental disaster. We can do better than this, much better! With our 21st century technology and a greater understanding of the environment than we used to have, there is simply no excuse to cover up a problem with skinflint decisions.

We need far more attention to the problem than is being proposed.

Sincerely,

(b) (6)
